Dear Sirs,

**List of Approved Suppliers of Materials and
Specialist Contractors for Public Works**

I refer to your letter dated 16 March 2004 and our subsequent communications.

I am pleased to inform you that your Company has been included in the captioned List under Class IV (Non-destructive testing of welds) of the 'Specialized Operations for Highway Structures' category.

Please note you that you have to abide by all procedures laid down by this Bureau and its departments and refer to existing and future technical circulars and publications published from time to time. These circulars can be obtained from our website at <http://www.etwb.gov.hk>.

Please be advised that fellow subsidiaries of the same holding company, holding and subsidiary companies, which have been admitted to the same works category/categories of the captioned List are each required to produce an undertaking that only one company will submit a tender for a particular contract in respect of the categories concerned. Failure to honour this undertaking will render the tenders null and void and regulating action will be taken for your failure to comply with the Rules for Administration of the captioned List.

I should therefore be grateful if you would provide me with the names of any of your fellow subsidiaries, holding and subsidiary companies, which have been included in the captioned List and provide the necessary undertakings if they are included under the same category **on or before 29 November 2004**. Please indicate clearly in your reply the works categories pertaining to each company. If your Company does not have any fellow subsidiaries, holding and subsidiary companies in the List, please confirm accordingly.

/- 2 -

You are also required to submit your audited accounts annually and inform this Bureau in writing immediately of any factor which might affect your qualified status. This Bureau reserves the right to review your qualified status in the light of any new information relevant to your qualification.

Finally, I sincerely hope that you would actively tender for Government works in future and try your best to perform well in Government works contracts if given the opportunities.

Yours sincerely,
